THE WORD IN POHNPEI

Dear Fellow Pastors,

It is my joy to recommend the John Boylston family to you for missionary service on the island of Pohnpei, Micronesia. After their Bible college training at Ambassador Baptist College John spent 8 years in the U.S. Air Force. The Boylston family is spiritually, academically, mentally, and socially prepared to fulfill God's leading to Pohnpei.

Would you prayerfully consider helping get them to God's place of service for them?

Dear Fellow Pastors,

As a teacher at Ambassador Baptist College, I had the opportunity to observe Mr. and Mrs. John Boylston during their days as students. They were both excellent students academically, but they also maintained outstanding Christian testimonies. I have no doubt that their discipline and dedication to our Lord will serve to make them very effective on the mission field. I wholeheartedly recommend them for their ministry in Pohnpei.

Dear Pastors,

Both John and Christa Boylston distinguished themselves as exceptionally gifted students during their years at Ambassador Baptist College. Upon graduation, John continued his studies in Biblical languages, as well as serving his country for an extended period of time in the United States Air Force. It has become obvious to me that through many varied circumstances God has prepared the Boylstons for the task that lies before them in the Micronesian Islands.

Since my first visit to Pohnpei, I have been burdened that the people of that island country do not have the complete Scriptures in their language. I thank God that He has called the Boylston family to go to Pohnpei for the very purpose of translating the Old Testament Scriptures into the language of the people. It is vital that this be accomplished soon so that the translation process can be facilitated with the wise counsel of the godly senior pastor on the island. Please prayerfully consider helping the Boylstons quickly reach Pohnpei to accomplish the task to which God has called them.
